

NARRE WARREN NORTH ROAD UPGRADE

OCTOBER 2021

We're upgrading Narre Warren North Road to make your journey safer and more reliable.

Narre Warren North Road is a key north south link for Melbourne's growing south east, carrying more than 14,000 vehicles a day. We'll add new lanes and upgrade key intersections to improve traffic flow and make Narre Warren North Road safer for the whole community.

Project overview

The Narre Warren North Road Upgrade will:

- add an extra lane in each direction between Fox Road and Belgrave-Hallam Road
- improve traffic flow through the Ernst Wanke Road intersection with an extra through-lane in each direction on Narre Warren North Road

- build a dedicated right turn lane from Heatherton Road to Narre Warren North Road northbound
- install traffic lights at the Memorial Drive intersection
- improve safety by making Crawley Road left-in and left-out only and removing right turns from Brundrett Road to Narre Warren North Road.

We'll also make it easier to walk, cycle and horse ride around the area by:

- upgrading the existing shared walking and cycling path on the western side of Narre Warren North Road between Memorial Drive and Heatherton Road
- building a new footpath between Memorial Drive and Randle Court on the eastern side of Narre Warren North Road
- installing high push buttons for equestrians at Memorial Drive.

Construction will begin in November 2021 with the project due to be completed in late 2023.

SAFER ROADS

Safety barriers and upgraded intersections will improve safety for road users

GREATER CONNECTIVITY

New walking and cycling paths will make it safer and easier to travel around the local area

BETTER TRAFFIC FLOW

Added lanes will increase road capacity and ease congestion
